

Valicor Environmental Services LLC's

Environmental Policy

Valicor is dedicated to being the leader in the waste minimization/waste management/pretreatment and centralized waste treatment service industry by focusing our Environmental Management System in the following manner:

We will utilize, where practical, the best available pollution prevention technologies to reduce the environmental impact of industrial waste and/or wastewater(s) on the environment;

We will commit to comply with all compliance obligations;

We will continue our commitment to continuous improvement.

Valicor's commitment to our environmental policy is developed specific to our organizations nature, scale and environmental impacts of its activities, products, and services. Our environmental management system incorporates the framework for setting and reviewing environmental objectives and targets. Valicor is committed to the requirements of ISO 14001, and other programs to which Valicor subscribes.

This policy has been communicated to all team members at Valicor and is communicated to all persons working for or on behalf of Valicor. This policy is documented and as such, is posted in several conspicuous locations throughout the facility.

Our environmental policy is made available to the public and all interested parties upon request.

A handwritten signature in blue ink, appearing to read "Ken Bentfeld", is written over a horizontal line.
